**\*\*Provide chemical data sheets to the Building Inspection Department listing the maximum quantity of all hazardous materials.\*\***

List any material discharged into the drainage system, ground, or atmosphere: \_\_\_\_\_

A permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced.

### All permits require final inspection.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

### **Certificate of Occupancy Inspection Information**

**NOTE:** A **BUILDING PERMIT** is required for any **alteration or construction work**.

To receive an inspection for "Certificate of Occupancy", it is important that the following instructions are followed:

1. Complete Certificate of Occupancy application.
2. Return application to the county and pay fee.
3. Request a Certificate of Occupancy inspection from the County at 972-204-7600. If Ron Merritt is not available, please leave message with address, inspection date and time requested.
4. Post your approved permit application (Tape to door or window).
5. Have space or building open from the hours of 8:00 a.m. – 5:00 p.m.

The Certificate of Occupancy inspection is an inspection for life safety items and general maintenance. Some common items noted during inspection are listed below. This list is not intended to be an all-inclusive list.

1. Doors to the exterior should not have double key locks, slide bolts, or other locking devices other than a thumb turn lock or bolt.
2. When required, illuminated exit signs must be in good working order.
3. Address and suite # must be posted on the building in 6" minimum numbers on a contrasting background clearly visible from the street.
4. Every space must have 24-hour access to the electric panel, which serves that space.
5. Missing circuit breakers or knockouts in electric panels and junction boxes must be filled.
6. Broken or damaged electrical fixtures and cover plates must be repaired or replaced.
7. Added electrical fixtures and outlets must comply with the National Electric Code.
8. Hose bibs should have vacuum breakers.
9. Plumbing fixtures must be in good working order.
10. Any unused plumbing must be capped.
11. Gas appliances and heaters must be properly vented and installed.
